Display Case Policy 2024

The Library provides and encourages the public use of display cases by individuals and organizations in the community. The Library encourages exhibits that promote the use of the Library and tie in with topical community events, organizations or local interests.

In accordance with Article 6 of the Library Bill of Rights, the display cases, located on the second floor of the library, are made available to community organizations and members “on an equitable basis, regardless of the beliefs affiliations of individuals or groups requesting their use.” The Library bears no responsibility for ensuring that all points of view are represented in any single display.

Library use takes priority over use by outside community organizations and individuals. Usage is subject to the Library’s schedule including any unexpected changes or closures.

I. PERMISSION

Permission to use the display cases does not constitute an endorsement of the exhibit by the Library. (The Library has the right to request a disclaimer be posted.) The purpose of the display in the case is to inform and educate community residents.

Permission to use the display case will be granted within the following guidelines:

- Exhibits will meet the general objectives of the library:
 - a. to serve as a center of reliable information, seeking to identify and meet community information needs
 - b. to support the educational, cultural, civic and recreational needs of the community
 - c. to provide library service in conformity with the Library Bill of Rights
- Use of the display cases is subject to approval by the Library Board and/or designated staff who may deny space to displays that do not meet the general objectives of the Library.

II. AVAILABILITY/USAGE

- Display cases will be available to the public on a first come, first serve basis. An individual or organization may only have one month booked out of a twelve-month period.
- Case Dimensions: 49” high, 54” long, 14” deep; two adjustable glass shelves (If you need the shelves adjusted you should request *in advance* for library staff to adjust prior to your load in.)
 - a. Bottom of Case to Middle Shelf: 15”
 - b. Middle Shelf to Top Shelf: 15”
 - c. Top Shelf to Top of Case: 16-1/2”
- We ask for no glitter or other small sprinkles in the case that can be impossible to clean out. Please use only painter’s or removable tape if you wish to post to the walls (regular tape does not hold well so we recommend sign holders when possible). We recommend a contact card be placed in the exhibit.
- A Display Space Request Form must be completed, signed and submitted to the Reference Staff to hold the case. Forms are available at the Reference Desk or on our website.
